

Certified Brain Injury Specialist (CBIS) Training

What:

The Brain Injury Association of America's Academy (BIAA) of Certified Brain Injury Specialists (ACBIS) is the largest national program providing education, training, certification, and ongoing resources for multidisciplinary specialists in the brain injury community.

ACBIS offers this voluntary certification program for professionals working in brain injury services to earn a nationally recognized credential: Certified Brain Injury Specialist (CBIS). This accreditation is considered the gold standard for brain injury training across the United States. Join the North Dakota Brain Injury Network (NDBIN) as we train you to sit for certification.

How:

- Check [requirements](#) prior to applying
- Apply to become a [CBIS](#). Please note, for questions on application, [email BIAA customer service](#).

When is Training?

September 16 & 17

8:30 am - 4:30 pm via Zoom

Cost:

Cost depends on the number of individuals attending training. Your card will not be charged until our group number is determined by BIAA. Cost of textbooks vary by format, more information is [available online](#). Participants will have access to NDBIN's study portal.
